SEEDS OF WONDER

Seeds of Wonder is a year-round, nature-based Montessori child care program located at the Kittery Community Center. The program was founded as a collaboration between two well-known local non-profits, White Pine Programs and Brixham Montessori Friends School.

The goal of the program is to build compassionate caretakers of the Earth through hands-on learning. We are deeply committed to nurturing the whole child while providing exposure to all the wonders of nature. Children at Seeds of Wonder have uninterrupted Montessori work periods daily in addition to time in our outdoor classrooms. The time spent in nature integrates free play with child-led activities in art, music, literacy and math.

Our large indoor classrooms are filled with beautiful light and designed to support the Montessori curriculum. Materials rotate throughout the year to align with the themes of each season and curriculum focus. Lessons and activities happen outside, too! Children spend time outside each day in one of our four outdoor classrooms. These curated spaces are designed with a variety of natural elements, sized specifically for toddlers through preschool aged children. Mud kitchens, stump caterpillars and sticks invite endless imaginative play.

Seeds of Wonder is a year-round preschool that serves families across the Seacoast. We offer Kittery residents and those employed in Kittery a 5% discount on tuition. To keep the program within reach of all families, we offer a sliding scale tuition for families who qualify. Outdoor gear and snacks are provided by Seeds of Wonder for all students. *For more information, please visit our website, www.seedsofwonder.org.*

NO ONE SHOULD BE COLD IN KITTERY

Fuel & More helps Kittery families stay warm. We are not a fuel company, but can assist if you are having trouble paying for heat. Call 207-703-8288 to arrange a private meeting with a volunteer.

Note: Fuel delivery may take a week, so don't wait until you are out of fuel to call.

This nonprofit all-volunteer group also partners with other community groups to help you find winter clothing for your kids and to winterize your home.
